### School Description

Jill Kinmont Boothe School, a county community school, provides a specialized education program to students who are referred to an alternative educational setting. Our mission is to guide each student's academic, social, and emotional growth, and to teach the recognition of choices and acceptance of personal responsibility for choices made. We believe each student is valuable, unique, and capable of success in both school and life.

Our goals include advancing each student's ability to learn individually as well as cooperatively. The alternative curriculum offered is specifically designed to address the learning styles and the reading and mathematics levels of the students via hands-on, high interest lessons. Through modeling and teaching personal responsibility, we strive to instill tolerance of and empathy toward others. We continually strive to provide a student-centered educational program that promotes the intellectual, physical and emotional growth of our students. We provide students with guidance toward a positive, productive future.

### About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF webpage at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### CAASPP Test Results in ELA and Mathematics for All Students

#### Grades Three through Eight and Grade Eleven

#### Percentage of Students Meeting or Exceeding the State Standard

Subject	School 18-19	School 19-20	District 18-19	District 19-20	State 18-19	State 19-20
ELA	20	N/A	11	N/A	50	N/A
Math	10	N/A	1	N/A	39	N/A

Note: Cells with N/A values do not require data.

Note: The 2019-2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019-2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

**Professional Development (Most Recent Three Years)**

Measure	2018-19	2019-20	2020-21
Number of school days dedicated to Staff Development and Continuous Improvement	4	3	2

During the 18/19, 19/20 and 20/21 school years there were 6 countywide professional development days built into the school year. In addition to those days, JKBS staff attended the California Consortium for Independent Study Conference. This 3-day conference focused on social emotional learning, curriculum for independent study students and independent study compliance. The Alternative Education teacher also attended after-school workshops on Trauma Informed Care. Teachers are supported by coaching from staff in the Education Services Department.

In the 19/20 school year, JKBS staff along with staff from Inyo County Probation visited alternative Education programs in Kern County. The programs that we visited are run in close collaboration between the county office of education and county probation. We have been working towards a similar partnership in our county over the last several years, and visiting these programs and seeing the positive impact the collaboration has on the students', was very helpful as we work to continue to improve our program.
